

STATE OF SIEGE  
IS PROCLAIMED.Madrid is Now in the Hands of the  
Military.

## PUERTA DEL SOL CROWDED.

Gendarmes Charge With Drawn  
Swords—Convents at San Ander At-  
tacked—Riots in Barcelona.Madrid, Feb. 14.—A state of siege has  
been proclaimed here.At nightfall every approach to the  
Puerta del Sol was jammed with the  
military. Insulting remarks were  
hurled at the police and the civil guard.  
A trumpet sounded a charge, which  
was made with swords drawn.  
Riots were not spared, many per-  
sons were injured and there were  
numerous arrests.The scattering crowds sought the  
shops and hotels. All the front doors  
of the Hotel de Paris were smashed in.  
A great crowd assembled there. The  
police and guards charged into the  
streets, but the dispersed throngs  
quickly reassembled.As was anticipated, the funeral of  
Don Ramon de Capomano, the poet  
and philosopher, was attended with se-  
rious disturbances. The weather was  
beautiful and enormous crowds gath-  
ered along the route taken by the fu-  
neral cortege.Considerable disorder marked the  
passage of the procession, but the  
crowd stood at strategic points and  
prevented any very formidable out-  
break until the end of the city was  
reached. At that point the demonstra-  
tion, who included many students,  
raised the cry of "Long live liberty,"  
and having broken up into small par-  
ties, proceeded to various parts of Ma-  
drid to renew the demonstration.One band of students stoned a con-  
vent.In the evening fresh riots took place  
at several points. Gen d'armes charged  
with drawn swords, and a number were  
wounded or bruised. The demonstrators  
replied to the charges of the gen  
d'armes with showers of stones.In the morning, thirty arrests were  
made during the day, including a mili-  
tary officer whose arrest resulted in a  
protest by his brother officers, the mat-  
ter being referred to the captain gen-  
eral.The authorities have warned the  
newspapers to abstain from the pub-  
lication of news or comment calculated  
to fan the present agitation.Made on the public squares and a  
general holiday had been arranged as  
today's program of the Asturias.  
Bourbon marriage festivities, but all  
this has been abandoned on account of  
the attitude of the populace.

RIOTERS ATTACK CONVENTS.

San Ander, Spain, Feb. 13.—Thous-  
ands of rioters attacked several con-  
vents, the bishop's palace and the Jesu-  
ite establishment and forced an en-  
try into the Carmelite convent, where  
they looted everything and set fire to  
the building. The gen d'armes arrived  
in time to extinguish the flames before  
much damage was done. A number of  
persons were injured on both sides.A mob stoned the offices of the Catho-  
lic Journal Alcala (Watch Tower),  
shouting, "Down with the Jesuits!"The gen d'armes had to fire a volley in  
the air and charged the mob in order  
to save the Carmelite monastery, from  
which the monks had fled in terror. The  
rioters fired several shots in reply and  
then marched through the streets.When passing Carlist's houses the oc-  
cupants poured water on the heads of  
the rioters and the latter retorted by  
throwing the houses.

RIOT AT BARCELONA.

Barcelona, Feb. 13.—A mob armed  
with clubs made a demonstration in  
front of the Jesuit college. The police  
charged and dispersed the rioters.

DISORDERS IN VALENCIA.

Valencia, Feb. 14.—Serious disorders  
occurred here yesterday. In a fight be-  
tween rioters and the gendarmes a  
number of shots were fired. On per-  
sons were killed and one wounded.

UPROAR IN REICHSRATH.

All Sorts of Opprobrious Epithets  
Freely Banded About.Vienna, Feb. 13.—A great uproar  
marked the session of the reichsrath  
today. "Informers," "Muscovites" and  
"Rasas" were a few of the less ob-  
jective epithets shouted out by mem-  
bers, some of whom also used the word  
"Jew" as a term of opprobrium.The house was debating the reply  
to the speech from the throne. A Czech  
named Strausky violently attacked the  
gendarmes, who, he said, were try-  
ing to break up Austria with a view  
to handing the fragments to the German  
empire.After the uproar had ceased over this  
statement, Strausky concluded with  
the statement that the present tendency  
of the government was to favor the supremacy  
of German officials, who were under the  
slightest dangerous condition and one  
that threatened the existence of the  
empire.

PAMPANGA PACIFIED.

Bill Providing a Provisional Govern-  
ment is Passed.San Fernando, Province of Pam-  
panga, island of Luzon, Philippines,  
Feb. 13.—At Bacolor a bill providing a  
provisional government act to the pro-  
vince of Pampanga was passed in the  
presence of a crowd, which included  
representatives of all the twenty towns  
of the province. The appointments of  
new officers of the province were an-  
nounced as follows: Sekrina,  
governor until a successor shall be elected;  
Mariano, treasurer; Lieut. Williams A.  
supervisor, of the Forty-first regiment;  
Lieut. Lawrence Butler, of the army  
service of both these officers expires  
July 1; fiscal, Juan Garcia. The sal-  
aries were fixed as follows: Governor,  
\$100; secretary, \$100; treasurer, \$2;  
supervisor, \$100; fiscal, \$1,200.Prior to the passage of the bill, Judge  
explained the framework of the  
provisional government which the com-  
mission was creating. The natives sug-  
gested amendments of the salaries,  
in connection with the system.  
At the close of the session Gen. Grant  
is called the "Father of the Pam-  
pangans" said he rejoiced that his  
children were large enough to take care  
of themselves. He added: "We Pam-  
pangans are as patriotic as any Ameri-  
cans."The commission will proceed next to  
investigate the Pampangans, in which is  
the seat of Lagayran, the terminus, on the  
railroad, of the Manila-Dag-  
upan. Maximo Angeles today sur-  
rendered at Hagunoy, province of

## GOVERNOR NASH REFEREE.

Troops to be Rushed to Cincinnati to  
Prevent a Brace of Pugilists  
from Fighting.Cincinnati, Ohio, Feb. 13.—There is  
every indication that the proposed box-  
ing match will not be pulled off at  
Saengerfest hall next Friday.There is as much doubt about the  
decision of Judge Hollister that is to be  
rendered tomorrow noon. Sporting  
writers from all over the country ar-  
rived today and besieged the quarters  
of the fight managers, but nobody could  
make any definite statement. As soon  
as Judge Hollister renders his decision  
these managers will have a conference  
and will lay their plans for the future.They promise to make a statement for  
the public as soon as they can in the  
afternoon. It is understood that if  
Judge Hollister grants the application  
for a permanent injunction, the pos-  
tponement will be for some weeks, so as  
to allow time to carry the case through  
the circuit court, and thence to the su-  
preme court for final settlement. If  
Judge Hollister shall refuse an injunc-  
tion on the ground that a court of  
equity has no jurisdiction in such cases  
or any other grounds, the postponement  
is not likely to be for more than one  
week, and it may be only to the first  
of next week.While there are reports about Govern-  
or Nash having three or four regiments  
under marching orders, it is not be-  
lieved here that any troops will  
reach the city this week, at least.All concerned in bringing off the fight  
insist that they will not attempt to  
proceed if a permanent injunction is  
issued against them, and the general  
opinion is that such will be the render-  
ing of the court.nor Nash having three or four regiments

The "400" Horse Sale On.

New York, Feb. 13.—What has be-  
come known as the "400" horse sale be-  
gan in Madison Square Garden today.  
There are 400 horses to be sold. The  
Fast-Tipton company is conducting  
the sale.The stallion Gayton, "King of the Al-  
lisons," with a trotting record of 2:08.4,  
proved to be the horse of the day. He  
went across the water to Vienna, being  
purchased by Karl Platnik for \$4,000.  
Ridding was begun by Henry Fleisch-  
mann at \$3,000. Fred Gerken and Ed  
Lipton were also other bidders.

Neilson's New Record.

Pittsburg, Pa., Feb. 13.—At Duquesne  
Garden tonight, John Neilson clipped  
two seconds from his own indoor skat-  
ing record in a mile race with John S.  
Johnson, the time being 2:52 1-5.

James B. Clay Sold.

Lexington, Ky., Feb. 13.—M. F. Dwyer  
of Brooklyn has bought of James B.  
Clay a black yearling by Handspring,  
dam Mendroit, and a black filly by  
Handspring, dam Normantie, for \$25,000  
and \$1,500 respectively.

Conklin Defeats Hendrick.

New York, Feb. 13.—C. F. Conklin of  
Chicago defeated John A. Hendrick of  
this city in the eighth game of class A  
billiard tournament at the Knicker-  
bocker Athletic club tonight, by a score  
of 400 to 362.While Conklin won tonight by thirty-  
seven points, he was at one time in the  
lead by over a hundred points.

Joe Gans Wins Out.

Baltimore, Feb. 13.—Joe Gans was  
awarded the decision over "Wilmington"  
Jack Daly in the fifth round of  
what was scheduled as a twenty-round  
contest at 135 pounds in Music hall to-  
night. The pace was very fast from the  
start. To save himself from a knock-  
out Daly repeatedly hit in clinches, and  
was disqualified.

LOCAL EVENTS.

INTERESTING EXHIBITION.

Members of the Legislature Witness  
Performance by Y. M. C. A. Athletes.The athletic exhibition given at the  
Y. M. C. A. gymnasium last evening in  
honor of the Legislature proved a most  
delightful affair. About twenty-five  
members of Prof. J. A. Augustus' ath-  
letic class furnished the entertainment,  
and their performance was about the  
best ever put up by local athletes. Over  
100 persons were present, including a  
number of ladies.The entertainment opened by a bar  
bell exercise by the entire class. Then  
followed the individual work. Hugh  
Rippetto gave an interesting exhibition  
of high and fancy kicking, which  
brought forth a round of applause.A feature of the program, which  
proved very entertaining, was the fancy  
club swinging of Prof. Augustus.  
In high diving, J. H. Johnson carried  
off first honors, clearing 5 feet and 4  
inches. Then followed a long diving  
contest, Cheshire winning with 12 feet  
to his credit. The pyramid work of the  
class was very interesting and was  
something entirely new to some of the  
spectators who reside in the country.The program ended with a basketball  
game between the first and second Y.  
M. C. A. teams. The former won by a  
score of 14 to 6.Following was the line-up:  
First team. Position. Second Team.  
Johnson. Left forward. Y. Stewart.  
Rasmussen. Right forward. J. Stewart.  
Rippetto. Center. West.  
Smith. Left back. Richardson.  
Barnes. Right back. Cheshire.  
Goals from field—Rippetto 4, Rasmus-  
sen, T. Stewart and V. Stewart. Goals  
from foul—Johnson 2, Rippetto 2 and V.  
Stewart 2.

MEETING WAS POSTPONED.

Junior Basketball League Will Not  
be Organized Until Tomorrow.The junior basketball league was not  
organized last evening as was expected.  
The meeting was postponed until to-  
morrow afternoon, when it will be held  
in the Social Hall. The cause for post-  
ponement was lack of attendance.

The Honors of the Day Were Carried  
Off by Bullman.San Francisco, Feb. 13.—Bullman car-  
ried off the honors at Oakland today by  
riding four winners. All but two of  
the favorites were successful. Long  
shots were in evidence, three of them  
getting second money. Frank Bell beat  
Loring Cup, at 30-to-1 shot, a head.  
Joe Ripley, at 50-to-1, was second, toappeared in the "News" of February 11,  
1901.You stated that the world's skating  
record was smashed by one Oscar  
Julius, who covered a distance of 100  
miles in 7 hours, 54 minutes and 20 sec-  
onds.I know this is not correct for Joe  
Donohue skated the same distance  
(100 miles) in 7 hours, 11 minutes, 38 1-5  
seconds on January 26, 1892, at Cove  
Pond, Stamford, Connecticut.

Indians Expect to Have a Good  
Ball Team This Season.Although the chances for Pocahontas  
securing entrance into the league this  
year are decidedly slim, never-  
theless that town intends to  
put a cracker-jack team into the field  
of competition, and at an early date too.  
It is understood that Ducky Pace, the  
erstwhile catcher, of Great Falls, will  
be with the team, and Manager "Sarah"  
Rand expects to go east soon for the  
purpose of securing players.Young Harmon, the contortionist  
pitcher, who was with the Redskins last  
year, will be in the box again this sea-  
son.

Basketball Yesterday.

The Hamilton basketball team de-  
feated the Emerson team in a lively  
game yesterday afternoon. The Ham-  
iltons were a bit too swift for their op-  
ponents and piled up a score of 13 to 8.

REFUSED TO MARRY THEM.

Half-Breed Mongolian Denied a License  
by Deputy Clerk Seare.There was a happy couple, matri-  
monially bent, who went out of the  
county clerk's office yesterday after-  
noon in a sadder mood than that in  
which they entered. The parties are  
Charles J. Wallace and Lillie Kelly, both  
of Stockton, Utah, who applied for  
a marriage permit, but Deputy Clerk  
Seare refused to issue the license on  
the ground that Mr. Wallace is a Mon-  
golian. It was not till after the docu-  
ment was made out that Mr. Seare de-  
cided that the intending groom was of  
Chinese descent, and upon questioning  
him learned that his mother was a  
Scotchman, but his father was a  
Mongolian. Mr. Wallace claimed to be  
an American citizen, and says he has  
voted and exercised all the privileges  
insured to citizens of this country, and  
failed to see why he should be refused  
a license to marry. Mr. Seare, however,  
felt that the law was clear on this  
point, and to be on the safe side, re-  
fused to give the couple the much-  
desired permit. Wallace and his intend-  
ed bride left with the evident intention  
of going to Evanston, Wyoming, where  
they will again make the attempt to  
secure the necessary papers, there being  
no law in that State prohibiting the  
intermarriage of such people.Attorney-General Breeden was called  
upon a short time ago, to give an op-  
inion on the very point raised in the  
foregoing case, and he held that while  
the law prohibited the marrying of a  
Mongolian and a white person, that a  
half-blooded Chinaman was no more a  
Mongolian than he was an American;  
and if born in this country he thought  
the doubt should be resolved in favor of  
the individual.

AN INTERESTING ADDRESS.

Prof. Mutch Entertains the Teachers  
of the Public Schools.The teachers of the city schools and  
many of the University students were  
given a most enjoyable treat yesterday  
afternoon, in the form of a lecture by  
Prof. Leslie B. Mutch, the celebrated  
authority on degeneracy. His theme  
was "The Child as an Objective," and  
his words were of absorbing interest.He challenged the present grade sys-  
tem, and questioned its practicability  
in meeting the requirements of the  
child, holding that language should be  
given a more prominent place in its  
training. A girl will acquire a vocabu-  
lary at 8 years and a boy at 9. In visit-  
ing a class in psychology in a high  
school he noted that the weakest point  
was concentration of attention and a  
feeble power to express thought.A vital question in the schooling of  
a child is that of nutrition. He had  
known of a child that had been quite  
weak in her lessons, and it was thought  
that her food lacked phosphates. She  
was therefore given a change of diet  
and within a month there was a marked  
increase of mental power.

The form of the head has much to do

with ability. A deficiency in the brain  
convolutions is manifested in a corre-  
sponding deficiency in the external ear.  
A small ear does not denote stingingness.  
But small ears will not learn by being  
talked to, they must learn from books  
and have time to think things out.  
Large ears take in everything they hear.  
Lincoln's ears were large, so was his  
character.Long fingers denote activity, and long  
crooked fingers are the most unselfish  
ones in the world, they toil for the ben-  
efit of others.He gave a most entertaining talk on  
the characteristic heads of various na-  
tionalities. The Germans had round  
heads. They go to the bottom of things,  
they will always be the world's greatest  
scientists. The Scotch are the philoso-  
phers, and Scotland will always be the  
seat of philosophy. The outer rim of  
their ears is small and unbroken, which  
denotes elocutionary powers. Smooth  
ears either make an orator or a singer.  
Adeline Patti's ears are as smooth and  
almost as round as the rim of a tea-  
cup. The Americans are congenitally  
they will always have the best of every-  
thing there is going. The English head  
is square, denoting commercialism.Soft lustrous eyes, of whatever color  
denote a nature which knows without  
reasoning, easily made diffident, often  
combined with unconquerable will  
power. Prof. Mutch said that he did  
not believe in conquering children. Gen-  
eralship in management makes a good  
governor itself. Cigarette-smokers, be-  
ginning in childhood, rarely reach the  
eighth grade, as mental ability almost  
invariably breaks down before that  
period is reached.The professor is now visiting among  
the schools and studying the children.All druggists guarantee every bottle

dy in the world for a gripe, coughs,

## HELPLESS.

The man trussed up so that he can  
neither move hand nor foot is in his  
helplessness a fair type of many a man  
affected by rheumatism. Often the dis-  
ease only partially disables, and with  
crutch and cane the sufferer hobbles  
painfully about.Rheumatism can be cured by the use  
of Dr. Pierce's Golden Medical Discov-  
ery. This great blood purifying  
medicine eliminates the poisons which cause  
the disease. It increases the activity of  
the blood-making glands, and so in-  
creases the purity and abundance of the  
blood supply, thus giving vigor and  
vitality to all organs of the body which  
depend for their health on plenty of  
pure blood. It builds up the body with  
firm flesh instead of flabby fat."Discovery" contains neither alcohol  
nor narcotics.I had been troubled with rheumatism for  
twelve years so bad at times I could not leave  
my bed," writes Mr. E. J. McKnight, of Cades,  
Mississippi. "I was badly crippled. Tried  
many doctors, and two of them gave me  
up to die. None of them did me much  
good. The pains in my back, hips and legs  
at times in my head, would nearly kill  
me. My appetite was very bad. Everybody  
who saw me said I must die. I took five  
bottles of the Golden Medical Discovery and  
four vials of the 'Pelle's,' and today  
my health is a good  
after suffering twelve  
years with rheu-
